

Invocation to Astrea for purifying our nation

Astrea's instructions for the use of this

invocation: Having now completed this action, my beloved, I wish to give you another dispensation, namely that I, Astrea, will sponsor a new invocation that can help you purify any nation and that you, of course, here in Korea can use to purify your nation. I will direct the messenger to make this invocation in a universal way that can be used by any nation and I will therefore vow that, when two or three people come together to give this invocation for their nation, I will multiply the light they invoke by a factor that I will determine as I see the dedication of the people and the needs of the nation. This will be a significant opportunity for all those who are willing to make that effort to purify their nation.

NOTE: You can rewrite this invocation to specific conditions in your nation. For example: Beloved Astrea, we call for your circle and sword to bind the demons and entities and consume the records that cause people to be attached to [insert your own words].

Sealing

In the name of the I AM THAT I AM, the universal Christ mind within all life, we accept that Archangel Michael, Astrea and Saint Germain form an impenetrable shield around ourselves and all people in our nation, sealing us from all imperfect energies and dark forces in all four octaves. We accept that the violet flame transforms all imperfect energies in our beings so the prince of this world has nothing in us.
